

Education Improvement Branch Programs for school leaders and teams

2 days

Understanding and applying the *National School Improvement Tool* (two-day program)

- For principals, middle leaders, teachers, school leadership teams, and corporate and regional staff
- Prerequisite training for principals who wish to nominate as peer reviewers
- Develop a deeper understanding of the *National School Improvement Tool* and how it can be used to drive school improvement and inform strategic planning. Unpack the school review process and develop familiarity with the language of school reviews

1 day

Understanding and applying the *National School Improvement Tool* (one-day program)

- For teachers, middle leaders, assistant regional directors, and regional and corporate staff
- Develop an understanding of the *National School Improvement Tool* and how it can inform teaching practice, and help you monitor progress and improve learning outcomes. Unpack the school review process, and understand how teachers and others are involved

1 day

Peer reviewer refresher

- For principals who have previously completed the two-day training and are interested in nominating as a peer reviewer
- Refresh the skills required of a peer reviewer, including review conversations and report writing
- Recency of training or review experience are key considerations when allocating peer reviewers

1 day

Responding to your review

- For school leaders, leadership teams and teachers whose school has undergone, or is about to undergo, a school review
- Understand how to interpret and respond to the findings and improvement strategies from your review report

1 day

Conducting a self-assessment

- For school teams and clusters
- Provides an overview of the *National School Improvement Tool* and develops an understanding of the elements needed to conduct a successful self-assessment

Work shadowing a school review

- School and system leaders have the opportunity to join a school review as an observer and to work shadow a review team
- Gain a deeper understanding of the school review process and how the *National School Improvement Tool* can be used to support school improvement in a wide range of contexts
